Freight allowance is based on a single order which is to be routed in one shipment to a single destination by common carrier. Freight allowance is best way.

Additional requirements will be handled pre-paid and charged or collect. Freight charges include any appropriate and/or extraordinary packaging or handling charges.

Shipments will be completed without back orders. If a partial shipment is requested on a freight allowed order and each shipment would not qualify for allowance, freight will be allowed on the portion having the greater weight.

All shipments are F.O.B. point of shipment, routing method and carrier will be determined by ROBROY Conduit Division. Alaska, Hawaii and export shipments are F.A.S. On orders that do not qualify for the freight allowance, freight charges will be prepaid and added to the invoice.

Purchaser shall make claims for loss or damage of goods while in transit against the carrier. Immediate inspection of goods at time of delivery and prompt filing of claim will facilitate a proper settlement of claim.

Cancellation: Orders for normal quantities of standard catalog listed goods may be canceled without charge, if written instructions are received at the factory in time to stop shipment. Cancellation of orders for special products will not be accepted after order release.

Return of Goods: No material will be returned to, or accepted by ROBROY Conduit Division without written permission. Transportation charges on the returned material must be prepaid. Material ordered for or shipped to job sites will not be accepted for return under any condition except warranty.

Non-Catalog and Material specially fabricated to the customer's specifications cannot be returned for credit unless the return is made necessary through poor workmanship or defective materials supplied by ROBROY Conduit Division. Should this be the reason for the requested return, it will be allowed and appropriate credit issued.

Shortage: No shortage claims will be recognized unless such shortage is report to our Gilmer, Texas office within fifteen (15) days from receipt of shipment at destination.

If within such period any such goods shall be proven to ROBROY's satisfaction to be so defective, then and in that event such equipment shall be repaired or replaced at ROBROY's option. Such correction or replacement of defective goods shall constitute a fulfillment of all liabilities in respect to such goods. The foregoing warranty is exclusive and in lieu of all other warranties of quality, expressed or implied, and all other warranties, including any warranty of merchantability or fitness for a particular purpose are hereby disclaimed.

Rework: No credit will be allowed for rework unless authorized in advance in writing by the appropriate factory location of ROBROY Conduit Division.
